

TEF 7000 FLEXIBLE CONDUIT

Flexible conduit, Acid resistant stainless steel. The rugged construction ensure excellent protection of cable inside.

APPLICATION

- Protection of cold cables and heating cables

FEATURES AND BENEFITS

- Conduit is simple to cut in desired lengths
- May be combined with conduit terminator (p/n 7000 059 - datasheet TPS 1038) to achieve proper end terminations and a swivel function

TECHNICAL DATA

Material:	Acid resistant stainless steel (AISI 316L).
Lengths:	2 meters and 25 meters
Diameter:	22.3 mm (outer), 18.8 mm (inner)
Minimum bending diameter:	Approx.: 70mm
Conduit assembly:	Not watertight

APPROVALS AND CERTIFICATES

NA

DESCRIPTION

	Weight	Part No.
Flexible conduit, 2 meter	0,5 kg.	7000 080
Flexible conduit, 25 meter	6,2 kg.	7000 081
